

## TULSA GIRLS WIN DEBATE HONORS

Take First Place in High School Triangular Series.

## ARGUE PRICE CONTROL

Beat Muskogee 3 to 0 Here but Lose to Oklahoma City 2 to 1.

OKLAHOMA CITY, March 19.—Tulsa won the triangular debate between Tulsa, Muskogee and Oklahoma City here tonight. Muskogee taking second place and Tulsa, third. The question was, "Resolved, That the Federal Government should establish a Policy of Price Control on the staple necessities of life."

In the debate held here between Oklahoma City and Tulsa, in which the Tulsa team took the affirmative, Oklahoma City won by a vote of 1 to 0.

The Oklahoma City team was composed of Malone Schaefer, Elmo Johnson and Caro Clark, and Tulsa was represented by Barbara G. Gorman, Mary Thompson and Mildred Kaiser.

Tulsa high school defeated Muskogee high school yesterday afternoon in the girls' triangular debating contest by a decision of 3 to 0.

The subject of the debate was, "Resolved, That the Federal Government should Adopt a Policy of Price Control on the Staple Necessities of Life." Tulsa's team, composed of Tommy Bradberry, Jancy Blakemore and Anna Cratchet, upheld the affirmative, and Muskogee's team, composed of Margaret Russell, Gertrude Bonnell and Lolla Fure defended the negative.

Muskogee's main arguments were that price control was undemocratic and that it was contrary to economics and therefore could not work. Tulsa showed that some form of price regulation was needed, that it was democratic and that the public demanded it, and that it therefore could not be class legislation. The consensus of opinion was that it was one of the best debates ever given in the big school building. The girls entered into the spirit of the thing and the rebuttals of Miss Pace and Miss Cratchet were especially good. Several members of the faculty said that it was a better debate than that of the boys last week.

Judges for the debate were Supt. W. E. Wenner of Bartlesville, Supt. J. H. Hamilton of Ponca City and Prof. M. A. Lloyd of the history department of the University of Oklahoma.

**Longshoremen Strike.**

GALVESTON, Texas, March 19.—Sixteen hundred coastwise longshoremen employed by the Morgan and Mallory lines are on strike here tonight, apparently out of sympathy with the strike of New York dock workers. So far no demands have been submitted by the men, steamship officials here say.

## STARTS DIVORCE SUIT

Former Miss Counsel Vanderbilt seeks separation from Duke of Marlborough—No Surprise.

LONDON, March 18.—The divorce of Marlborough has just been granted in London. The Duke and Duchess have been separated six years. The Duke is spending much of his time at Rembrandt House and the Duchess is in London. The two cases of the couple have dragged their time between mother and father.

The divorce of Marlborough is the latest in a series of divorces which have been granted in London. The Duke and Duchess have been separated six years. The Duke is spending much of his time at Rembrandt House and the Duchess is in London. The two cases of the couple have dragged their time between mother and father.

## CITY TO AMEND BUILDING CODE

Demand Wood and Coal Flues in Houses; Prepare for Gas Shortage.

Significant action on the part of mayor and city commissioners was taken at the regular meeting Friday morning when the city attorney and the building inspector were secured to prepare an amendment to the building code that will properly require installation of flues in coal houses and hypocaust basins connected therewith.

The present code is not definite in its prohibition of flues that will not permit the use of coal and wood stoves. Considering the present scarcity of the Oklahoma National Gas Company and the possibility of a gas shortage, it is felt that the city should be prepared to without a supply of natural gas, the city officials believe it is well to prepare for a future emergency.

Most residences in the city are equipped only to take away gas flames through flues. For this reason the flues do not have sufficient capacity, so property owners to permit the use of coal stoves, some of the newer residences and practically all of the recently erected business buildings have been built so that coal stoves or coal furnaces are permissible.

The amendment asked for will be prepared within the next few days. City Attorney Edward P. Marshall said yesterday.

**Stimulated Reform.**  
Government and the brewers join to employ architects to give London "large and airy public houses" as a means of combating "poor food and reform on one or the other line is unavoidable."—Brooklyn Eagle.

**How Many Women Keep Young Looking**

"A woman may be old at 18 and young at 80," says a prominent club woman. "Years don't matter. Didn't Nixon do it? He has a proposal at 90!"

The youth of our women is more lasting than it was a generation ago, because we are better acquainted with simple physiological laws. When the first aging marks appear—wrinkles, bagginess of cheeks, neck and chin—we realize that the cause is a loosening of the skin and softening of the tissue underneath. We know the cause must be removed, instead of laying on patches we used to the triglyceride as some of powdered cosmetic and a half pint of witch hazel, mix them and bathe face, neck and hands in the solution. We know this tightens the skin, softens the tissue, induces a healthy circulation. We treat causes rather than effects. We use reason—and stay young—satisfied.

**TRIMMED HATS IN ASSORTED COLORS; WONDERFUL VALUES AT... 5.98**

**One lot of trimmed hats, flower and feather trimmed and banded Sailors; \$10 to \$15 values at... \$8.98**

**Georgette hats in colors; distinctive, indeed.**

**Banded Sailors—They are worth \$15 to \$22.50. You'll appreciate them to the fullest extent.**

**New arrivals of pink front lace Corsets, worth \$3.50, for... \$2.50**

**Back Lace Corsets, all sizes, at... \$1.50**

## How Roosevelt Overcame Difficulties

THE qualities that made Roosevelt successful were apparent in him while he was still a little boy. These qualities were developed, year by year, through intelligent direction. The Colonel's father was largely responsible for the great American's remarkable career—his example taught the boy self-assertion, self-reliance, personal independence and integrity.

This month's Cosmopolitan publishes a startling analysis of Roosevelt's character by Doctor X and related by Harvey O'Higgins in "Yourself and You." He tells of the boyhood incident that prompted Roosevelt to learn how to box. Why the Colonel went into politics. Why Roosevelt was a poor judge of men. Why he was called "Teddy" and why he liked his nickname. There's a wealth of new light on Roosevelt in this new article.

There are valuable suggestions as to how you may yourself use the same theory Roosevelt employed to overcome apparently insurmountable difficulties—and, better still, how you may help your son to grow up to be the kind of a man you want him to be.

Get the new Cosmopolitan today and read the conclusions reached by Doctor X in his study of the life of one of the greatest Americans.
